TUXFORD ACADEMY KS5 GEOGRAPHY LEARNING JOURNEY

AQA A-LEVEL 7037

PAPER 1 (40%): Physical 2hr 30mins

PAPER 2 (40%): Human 2hr 30mins

NEA (20%): Independent Investigation

YEAR 13

Global

Quantitative and Qualitative data sources

Globalisation critique

Global commons: Antarctica

Revision & Exam Technique

Study and complete past paper questions

Review Y12 & 13 topics

Practice 4, 6, 9 and 20 mark exam Q technique

Governance

Global Governance: issues; agencies and interactions

International trade and access to markets

Globalisation and global systems

NEA independent investigation write up

Presentation & Analysis

Conclusion & Evaluation

Introduction & Methods

Mock Exams

Water & Carbon Cycles

Quantitative and Qualitative data sources

Two case studies: Tropical rainforest; River Catchment

Natural system: The carbon cycle

Water, carbon, climate and life on Earth

Natural system: The water cycle

Fieldwork Trip

Practice fieldwork skills

4 day residential field trip

NEA investigation proposal

Create NEA proposal to submit for feedback

Identify topics of interest in relation to the AQA specification

Research the geographical theory and comparative context

Coastal Environments

Quantitative and Qualitative data sources

Coastal management; Case studies: Holderness and Odisha

Landscape development: landforms and sea level rise

Coastal systems and processes

Revision & Exam Technique

Mock Exams

Practice 4, 6, 9 and 20 mark exam Q technique

Review Y12 topics

Study and complete past paper questions

Contemporary Urban Environments

Urbanisation; urban forms; social and economic issues in urban areas

Urban drainage; waste and its disposal; environmental issues

Sustainable urban development

Changing Places

Quantitative and Qualitative data sources

Distant place study: Detroit

Nature and importance of place

Local place study: Nottingham

Meaning and representation of place

YEAR 12

Hazards

Case Studies: A multi-hazardous environment and a local scale hazard impact

Storm Hazards

Urban Climate

Contrasting urban areas: London and Rio

Fires in nature

Plate Tectonics

Seismic Hazards

Volcanic Hazards

The concept and perception of hazard risk

Bridging Unit

Developing geographical skills for A Level

Virtual Fieldwork: Investigative Skills

Tuxford Academy

Excellence through Teamwork
