Social Work: The Basics by Mark Dole

Things to listen to... (20 points)

<http://www.communitycare.co.uk/> has a podcast page that you can listen to, it discusses up to date issues in current health and social care contexts, and the benefits in working in this sector

WORK IN PROGRESS

WORK IN PROGRESS

Tasks you can do:

1. Create a list of the health and social care services available in your area, including who they are aimed at and some services they provide. **(60 points)**
2. Go to a local health and social care service and interview one of the workers about the service they provide and the reasons they got into the job. **(60)**
3. Research the qualifications needed to be a midwife, a social worker, a nurse and a play worker. Create a report to show what is needed for each job, and where you can work with these qualifications. **(60)**
