## Pathway 2: Musical instrument / vocal taster group sessions

Lessons in 2022-23 run in 12 week cycles and aim to provide a feel for what it's like to learn to play an instrument. The objective is for all students to enjoy the programme and those who find a real connection to move onto the private lessons.

Start Up tuition is available in:

- Guitar
- Singing
- Keyboard
- Drum kit

The cost of the Start Up Programme is £60 (there is a small extra charge for guitar hire) for a single 12 week cycle after which there are three options:

- Stop lessons with no further commitment
- Move onto private tuition (recommended if possible)
- Continue for a further 12 week cycle (not available for the drum kit programme)

If you are interested in the 'Start Up Programme' please complete and submit the form below and we will contact you with further details before the programmes begin:
